Subject: Updating WIFI Kit Firmware

Models: MIM-H03U, MIM-H03UN

## Updating Wi-Fi Kit firmware

### Setting up the SD card:

1. Prepare the SD Card.
2. Create an **update** folder under the root file of the SD card.
3. Copy the files from the firmware folder and place in the SD card update folder.

### How to perform the update:

1. Insert the SD Card.
2. Click the reboot button.
3. Check the blue LED.
  - If the light is on, update is in process.
4. LED will turn off after 10 seconds.
5. Update is completed. Remove SD card and complete setup.
